Estimates Cheerfully Given.

Don't overlook the fact that good plumbing is the most essential point in modern home building. The health of the entire family may depend on the proper sanitation of your home and the quality of the fixtures.

“Standard” Porcelain Enameled plumbing fixtures provide qualities which assure you sanitary satisfaction, durability and beauty. We sell these fixtures and combine with their installation the quality of work which has given us a reputation. A large contract or a hurried call for repairs secures equal attention and prompt service.
